

FEATURED SPEAKER

North Carolina Section Annual Meeting

American College of Prosthodontists

Dr. Harry Haring, DMD

Prosthodontist, Misch Implant & Aesthetic Dentistry

Specialist in implant and esthetic dentistry. Active member of the American College of Prosthodontists and the Academy of Osseointegration, and a key opinion leader and speaker for BioHorizons.

FEATURED LECTURE

Digital Workflows in Modern Implant Prosthodontics

Dr. Haring presents on how intraoral scanning and CAD/CAM technologies are reshaping surgical and restorative implant planning. His lecture covers digital restorative workflows and the use of 3D-printed dentures to translate virtual planning into clinical reality, with practical strategies for everyday prosthodontic practice.

LEARNING OBJECTIVES

- Restorative approaches and abutment selection considerations
- Digital implant planning workflows
- Digital restorative workflows for implant prosthodontics

DATE

Saturday, August 8, 2026

Part of the Annual Meeting weekend, August 7-8.

VENUE

Pinehurst Country Club

Pinehurst, North Carolina
